

MCMINNVILLE CHRISTIAN ACADEMY

INSPIRING ACADEMIC EXCELLENCE THROUGH CHRIST

September 1, 2017

Great morning!

The team that will be investing in your student is very excited about this upcoming year. We have been praying for you all summer. We will be beginning our day at the Baker Creek location and completing our morning pledges, prayer, band, Spanish, P.E., and spelling. We will then take our bus to the Calvary Chapel location and transition into the rest of our fantastic class regiment. At 2:45, we will be transporting everyone back to the Baker Creek location for either pick up or after school care.

We believe that character development based on the Word of God and investing in academic excellence will provide the greatest foundation for each and every student. We aim to encourage each student to learn by exploring, discovering, and embarking on great adventures both in books and as a team. We have integrated the best practices in education for actively learning and encouraging full engagement.

We believe that God in His sovereignty has brought together a team of highly skilled and talented teachers who are working in their strengths and passions. This team of teachers is equipped and ready to intentionally and strategically invest in your student to guide them towards great Christ-like character and academic excellence. Your student has an opportunity this year to be taught by teachers in subject area rather than one teacher teaching all subject areas. Greg Mitchell brings excitement and enthusiasm to our school and will be teaching history and science for all grades. Amy Yates brings a dynamic and creative approach to learning and will be teaching language arts and mathematics. Angeline Garlinghouse brings passion for the Word of God and a deep desire to serve others to our team and will be heading up our Bible program as well as taking the lead on many of the other areas. Greg Mitchell will be the home room for 5th and 6th grade. Amy Yates will be the home room for 4th grade.

We are excited and very optimistic about this year. We believe that this will be the most fun, academically challenging, and impactful year of our school's history. We look forward to partnering with you and your family to help your student to realize the greatness that their creator has placed in them.

Thank you for your time and our partnership. If I can be of further service please let me know.
